

European
Clean
Trucking
Alliance

“Achieve the fastest feasible decarbonisation of the road freight vehicles and the sector in general”

European Clean
Trucking Alliance

Our members

We are calling for zero-emission road freight

Our Mission

- Create an ecosystem to make a shift away from fossil-fuelled vehicles to trucks with zero emission tailpipe emissions
- Drive development, implementation and support for EU and national policies, programmes and initiatives
- Focus on vehicle + infrastructure side

Our Activities

- Share best practices and explore opportunities
- Do new research and evidence
- Give policy recommendations and input policymaking
- Raise public awareness

**ECTA members
commit to quickly shift
to decarbonized road
freight transport**

Trucking
Alliance

Why join ECTA?

Join forces to create an ecosystem to shift away from fossil-fuelled vehicles to trucks with zero emission tailpipe emissions

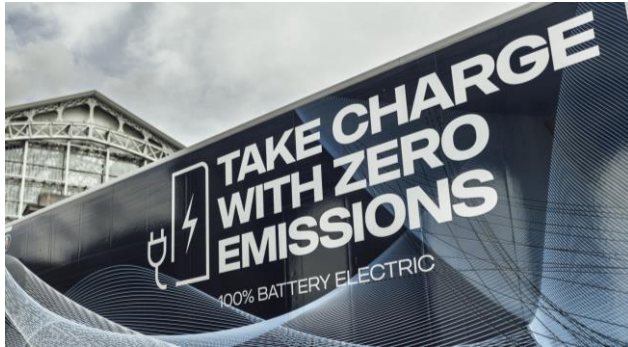

A unique Alliance stepping up for the sustainable transport of goods across Europe

Promote your concrete actions to accelerate the decarbonisation of road freight transport

Our latest activities

[Organisation of the ECTA Roadshow in Brussels \(test drives of e-trucks, roundtables, high-level debate, etc.\)](#)

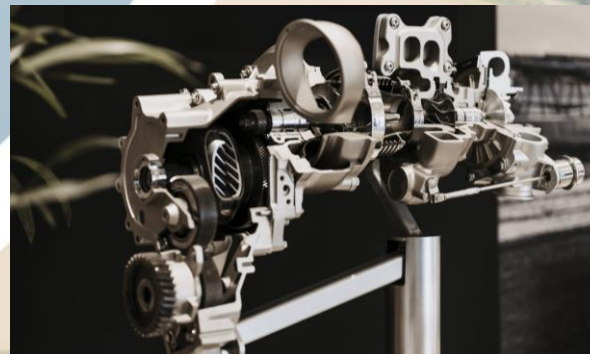

[Ricardo study on working conditions of zero-emission trucks' drivers](#)

[Joint letter – “41 companies urge EU lawmakers to make draft targets more ambitious to drive uptake of zero emissions trucks”](#)

[Mini-series Interviews from zero-emission trucks' drivers](#)

[Position papers on zero-emission trucking](#)

[And much more...](#)

European Clean
Trucking Alliance

Commitments from ECTA stakeholders

- Demonstrate a clear commitment to accelerate the shift to decarbonized road freight transport
- Actively participate in ECTA meetings and activities, and attend those on a regular basis
- Provide input into the decision-making process and discussions (e.g. drafting of policy papers, visibility of the alliance, work programme and studies)
- Support the Alliance in attending or organising events and/or workshops and possibly represent the Alliance at these occasions
- Support advocacy activities such as reaching out to policy makers at EU and national level to promote ECTA positions
- Comply with all applicable antitrust and other laws regulating competition

European Clean
Trucking Alliance

Do you want to join ECTA?

- Open to any company carrying out or procuring road transport services and non-profit organisations working within Europe seeking to accelerate the shift to a decarbonized road freight
- Demonstrate a clear commitment to this shift, by accepting the memorandum of understanding (MoU) – available upon request
- No membership fee
- Please contact us at secretariat@clean-trucking.eu
